ALL ARE WELCOME

Growing our all-age Quaker communities

This engaging and interactive weekend is an opportunity to explore how Friends and meetings can reach out to families, connect with each other and enrich our all-age worshipping community. It is ideal for anyone wanting to make change happen and help build inclusive and welcoming communities, especially for Friends with responsibility for eldership and oversight.

This weekend is open to all ages and we will practice building an all-age community. There will not be a separate children's programme. Children and young people will be the responsibility of their accompanying adult(s) throughout the event.
