

# fly Kites not drones

Plan an event near you  
around 21st March for  
Fly Kites Not Drones

***Fly Kites Not Drones*** is an uplifting activity for young and old, in solidarity with children living under the threat of armed drones.

Wherever you live, plan an event to celebrate Nao Roz, Persian New Year, on the 21st March 2018 (or around that date). Take a kite to your park, the beach, town centre, a military base and fly it with friends.

This is the 5th year of the campaign, which was started by young kite flyers in Afghanistan and now inspires people around the world.

Military drones know no borders and make war too easy.

See [www.flykitesnotdrones.org](http://www.flykitesnotdrones.org) for stories, activities, kite making instructions and much more.
